DPSS/ADMIN/09-10/18

06 Nov 2009

**Dear Parent,**

Kindly find attached a circular with respect to tracking system installed in all our transport vehicles for convenience of all the parents. You can find the present location of the concerned buses by three ways:

- a. By sending a SMS and getting return SMS with information.
- b. By sending an E-Mail
- c. Browse the location of bus on web.

Everything is explained adequately in the attached circular / E-Mail. However for further clarification you are free to contact Mr. S. Khan at 9416018080.

We have selected you amongst the few parents to give us the feedback about its effectiveness and success. Your feedback may be sent to us by November 30, 2009 by E-Mail (contact@dps.in) / hand written mail to the school. We look forward to it to have the system in place. If all works well, we would be the trail blazers in school bus tracking system.

Thanking you for being part of the team to help us decide its effectiveness.

Warm regards.

## Where is my bus?

Dear Parents,

We are delighted to inform you that the school has installed GPS vehicle tracking systems on the school buses for the benefit of the children, parents and school. It provides for safety and security of the children, updated information for parents on the running and location of the buses, better management and control for the school in managing how the drivers drive amongst several other benefits.

Parents will be able to locate their wards' bus by sending a SMS with the route number to a specific mobile number and the return SMS that they receive will tell them the location of the bus. This can be very useful for the parents in case of delay in the arrival of the bus or in case of an emergency.

### Send SMS to 53030 or 09830062000
