Dear Parent

Building up of a progressive society depends a great deal on strengthening and empowering the women. This is a collective responsibility and in wake of it we **DPS SONEPAT** in collaboration with a very diligent **NGO WOMENITE** have undertaken an initiative to distribute and spread awareness about the need and importance of **Menstrual Hygiene**. So we request the parents to send **Sanitary Pads by August 25, 2018** that can be distributed to the village women as a small step to induct them into sustained efforts to maintain period safety and hygiene.

Hoping for an enthusiastic participation from you all.

Regards

Shikha Sharma

(Social Outreach Program-Coordinator)
